# Monty 3850

## HEAVY DUTY TIRE CHANGER FOR TRUCK, BUS AND AGRICULTURAL TIRES

The Hofmann 3850 tire changer is designed to mount/demount all truck, bus, tractor, and off-the-road tires up to 60" in diameter.

- **Self-centering four jaw chuck**

The hydraulically operated clamping jaws can clamp from 14"-26" either from the rim inner side or from the rim center bore.

- **One-man operation**

The remote control console allows one person to safely monitor all tire-changing operations.

- **Patented mount/demount head assembly**

The bead breaker disc and mount/demount heads are combined into one assembly for ease-of-use.

- **Versatility**

The 3 HP bi-directional chuck motor and heavy duty hydraulics allow the 3850 to handle the toughest tubeless, tube type, single or multi-piece wheels, Budd and Dayton rims.

- **Training Video**

A comprehensive training video showing the actual mounting and demounting techniques for on and off-the-road wheels is supplied with the machine.

Tire changer for off-road, heavy-duty applications.

Heavy duty wheel balancer for truck, bus, RV, and automobile/light truck tires.

## TIRE CHANGER

### Specifications

Shipping weight	1200 lbs.
